**Headteacher:** Mr J McCrossan  
**Chair of Governors:** Dr L Campos  
**Office Manager:** Mrs C Monument

## PARENT GOVERNOR ELECTIONS – CANDIDATE PERSONAL STATEMENTS

### STEFANIA DEIDDA

I'm Stefania, a full time mum of 3, 2 of them are currently in the school, respectively in reception and Y3. I have a degree in economics and marketing obtained in 2008 at the university of Milan Bicocca. I worked as event planner for the Criet- research centre of Università degli studi Milano-Bicocca and later as wedding planner for a small business in Milan. I enthusiastically volunteer for school events like cake sales and fairs whenever I have the chance to and I recently helped to find a new company that provides Christmas cards. During the last year, I've been parent governor for the Nursery (Homerton early years centre) that all our children have attended or are attending, and I had the chance to take part in 3 governors training courses. I'm keen to join the governing body to support St. Albans and its dedicated staff to help improve the school and our children development further.

### KORNELIA KORZEC

I am a mother of Ziemowit, currently in Year 1, and I would like to contribute with my limited time to help ensure our children receive excellent education and have a wonderful experience in the school. I'm a senior manager in an international non-profit, a researcher, and a trustee of a small conservation charity. I'm strategic, analytical, conscientious, and used to working with budgetary as well as qualitative and quantitative information. I'm also highly experienced in developing behaviour change interventions, and for a number of years now I've been involved in maximising equality, diversity and inclusion in a professional capacity, which I hope will also be of benefit should others entrust this role to me. I look forward to supporting our school staff in optimising resources and opportunities the school has, reaching their professional goals and helping our children develop into thoughtful and knowledgeable young citizens.

### RADOSLAW LACH

I'm a dad of Ziemowit in Year 1 and he's very fond of the school. We've selected St Albans for its excellent reputation and I would like to ensure it persists into the future. I'm aware of the number of challenges the school is facing, and I am keenly interested in supporting Mr McCrossan to overcome those wherever possible. A data scientist myself, I have a specific interest in analysing performance data and supporting the school in delivering top education for all our kids, especially in the area of natural sciences.

### JOHN PARROTT

I live in Romsey with my wife Emma, son Arthur (Year 2), daughter Juliet (Reception) and one year old baby daughter Clara. Professionally I work as a community and stakeholder engagement consultant - enabling people to be involved in and have their say on major developments and infrastructure projects in their area. If elected, I would bring some of my work practices to the role of parent governor - engaging the school community in accessible and inclusive ways, to understand their views, passions and concerns, then champion and represent them in a fair and balanced way.

*The pupils' exemplary behaviour and very positive attitudes towards learning are key factors in their outstanding achievement.*

Ofsted 2014

*"St Alban's School exists to ensure that all children believe, achieve and succeed".*
