Comments

- If sth was not relevant I said "I don't know "
- Not many clubs offered to younger Year groups
- Bullying has occurred - and this is generally at break/lunch times where possibly more supervision would help prevent. Bullying had impacted learning over the duration it occurred.
- Thank you to Mr McCrossan and all the teachers for all that they do. The (individualized) proactive support that the school provides, and the care for the wellbeing/success of the children. The can do attitude of the school is exceptional. Particularly noting the funding provisions, the school should be very proud of the staff and environment created.
- The class teacher noticed my child had potential to work at a high level in maths, but just needed some extra support/guidance. The class teacher made me aware of this through a discussion, helped me understand areas my child could focus on and she is now achieving a higher level of maths work. Thank you!
- Behaviour being a communication of how a child is feeling, I would not expect the school to "make sure" that children are "well behaved", particularly those with additional needs. However, I understand the question in its broader context.
- I am extremely happy with the school and grateful our children are part of this community. The only thing I would love is more feedback regarding my children behaviour and performance. I go with the "no news is good news" mantra as there is very little in depth feedback. But apart from that, grateful and amazed by the school: the teachers, all the staff and the headmaster!
- Have put disagree where not applicable
- The questions left blank correspond to a "Not applicable" answer.
- Would love to have more options for the extra curricular, including integrated music instrument classes, cooking classes..ect.
- Small playground for ks2, consider partnering with other local schools or facilities for more options at break time or sports .
- Some questions require a binary answer (yes/no) but the options don't reflect this hence I have selected strongly agree/disagree instead of "yes" or "no" . There is a real sense of belonging and community with the school. Lots of occasions / celebrations are created during the year to reinforce this. We love St Alban's!
- Great leadership sets the tone and establishes high expectations for staff and pupils-but, brilliantly does so in a way that feels supportive and friendly rather than combative.
- We are grateful that both our children went to this school. It is academically strong and also helps the children to develop confidence and a sense of community whilst also allowing them to have fun throughout the year.
- More availability for Afterschool club/wrap around care is required for Reception kids. More use of digital assets can be used for communication and 2 way feedback (in this day and age 1 way info flow is simply not good enough)
- Maybe the questionnaire should have a 'No' answer option too; I found myself looking for a way to answer 'No' to a couple of the questions and had to settle for 'Strongly Disagree' instead. Thank you.
